**What is 5 a side?**

**Five-a-side soccer** is a variation of [soccer](#) in which each team fields five players (four [outfield](#) players and a [goalkeeper](#)), rather than the usual eleven. Other differences from football include a smaller pitch, smaller goals, and a reduced game duration.

The penalty area is also significantly different from regular soccer: it is semi-circular in shape and only the goalkeeper is allowed within it and he is not allowed out.
